WILL C. BURTON, Practical Chef and Proprietor.

THEY "GOT TOGETHER."

The \$3,000 in Artesian Well Stock Taken by the Late Mr. Le Fever.

At 3 o'clock on Saturday afternoon the last of the necessary \$3,000 was subscribed by citizens to the stock of the Artesian Well Company, and very shortly afterward Mr. Clancy telegraphed Mr. Le Fever, at Denver, notifying of the company's acceptance of his proposition. Yesterday morning a reply came to hand reading thus: "Execute contract and forward it. I will begin work at once." Accordingly a contract is being drawn up today, and before forty-eight hours have elapsed all the preliminaries will have been closed up. Mr. Le Fever agrees to sink a well 1,000 feet deep in the Santa Fe valley, using the machinery now on the ground and supplying himself all additional machinery, drills, cable, etc., and casing, all of which is to become the property of the company when the work is finished. For this he is to receive \$1,000 when artesian water is developed or when the 1,000 foot well is completed. Following is a list of those who have subscribed to the company's stock for this purpose:

P. W. Cheney	\$100	Max Frost	\$50
John H. Knobel	100	A. C. Ireland, Jr.	50
W. T. Thompson	100	W. A. Meeker	50

OUR VOLUNTEER FIRE FIGHTERS.

Annual inspection of the Department—The Hall in a Flourishing Condition.

The capital city's fire protection is now about as near perfect as it is possible to have it. The protest of the department has resulted in stirring up the water company to a just recognition of the city's demands and the hydrant service is much improved. The reservoir has been cleaned and contains twelve feet of water. The hose and hook and ladder companies have every facility for doing good work in case of fire and the department is in first class condition, thanks to the able chief and his associates. The department numbers fifty-one members, twenty-eight in the hose and twenty-three in the hook and ladder company. The department is out of debt and has money in its treasury. On Thursday a ball will be given, the proceeds of which will be expended in painting and appropriately lettering the fire headquarters. The following was issued to-day:

OPEN DAY AND NIGHT

Notice is hereby given that the regular annual inspection of the Santa Fe Fire department will take place at the organization headquarters, Thursday, October 31, between the hours of 12 and 6 o'clock. The board of county commissioners, tax payers and citizens generally are earnestly invited to call and inspect the facilities of the department for assuring protection to the city from fire.

WHAT THE STREET SAYS ABOUT IT.

A Hint that Good News for Santa Fe and the Narrow Gauge is not Far off.

The street has some very cheerful gossip to-day concerning the extension of the Santa Fe Southern railway from this city south to the coal and mineral fields of Cerrillos, Dolores and San Pedro. It is a little early as yet for positive information as to where the actual work of construction will commence, but it is said that private assurances of the most positive character are at hand from New York to the effect that the final estimates of the chief engineer are awaited with much eagerness, to the end that the order may be issued for construction. The backers of the company have ample funds to carry on the work when once begun to rapid completion. It is also stated that the chief reason for this hurrying up of affairs is the certainty of the building northward of a line of coal from Fort Worth to the Cerrillos coal fields, which will afford the Santa Fe Southern an outlet east and south and make it an important and independent piece of road connecting the vast system of northwest roads with those of the Gulf and south west coast. Either this will be the outcome of the present plans or the Santa Fe Southern will build an independent road straight through to El Paso. To say the least, the situation is most interesting at present and is improving with each passing day.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health, to the use of the great alternative tonic. If you are troubled

SIXTY THOUSAND PEOPLE SAW IT.

Mr. Livingston Returns and Talks of the Success of New Mexico's Fruit Exhibit.

Mr. J. K. Livingston, who went east as the representative of the New Mexico bureau of immigration in general charge of the traveling display of products from the Mesilla, Rio Grande and Santa Fe valleys, returned to the city last night. Messrs. Sammis and Neasome, his assistants, are en route home via Missouri and Illinois. The two cars were crisscrossed with their contents at Chicago on Wednesday last, and the choicest fruits and cereals were removed to the city headquarters of the A. T. & S. F. at 212 Clark street, where an attractive pyramid appropriately labeled was erected in the office show window. The cars were on the road five weeks. They were sidetracked at Denver, Colorado Springs, Hutchinson, Kas., Topeka, Lawrence, Kansas City, Carrollton, Mo.; Fort Madison, Iowa; Galesburg, Streeter, Joliet, Ill., and at State street, Chicago, for ten days. Everywhere the press gave the New Mexican generous treatment and the people opened their eyes in amazement at the perfection of the fruits and cereals exhibited. There was no adverse comment. Everybody expressed astonishment that New Mexico could make and had the enterprise to send out such an exhibit, and the universal expression was in hope that New Mexico would soon be admitted as a state. A great deal of advertising matter setting forth New Mexico's advantages as a field for investment and as a home for settlers was distributed and thousands of verbal inquiries were answered. It is estimated that 60,000 people viewed the display. Especial interest in New Mexico as a great fruit region was awakened among the commission merchants at Denver, Kansas City and Chicago.

ROUND ABOUT TOWN.

Some scandal mongers did their best to down the artesian well enterprise. He laughs last who laughs best. Eh, Capt. Spiegelberg?

The narrow gauge railroad boys report some considerable excitement at Espanola over the discovery of placer gold in the streets of the village.

One wing of the new government Indian school is under roof and the other is nearly ready for the rafters. The structure begins to assume an imposing appearance.

With artesian water and direct rail connection with the mines assured Santa Fe is feeling pretty well just now, thank you. The capital city's future is all right.

When it comes to climatic attractions Santa Fe claims few equals and no superiors among the cities of the Rocky mountain region. The facts and figures for this, if desired.

Two barrels of liquor for Bartsch's Cerrillos branch were unloaded today. They came from Doan & Co., Denver. Mr. Bartsch goes to Cerrillos to-night to hurry along that building.

Sam Baldwin returned this morning from a trip to Dolores. He says the mines there are looking excellent, with everybody encouraged to believe that a long season of prosperity is assured. Two new gold strikes were made last Saturday, one of them being in the Navajo mine owned by McDonald and Grist, of Las Vegas.

Capt. H. E. Grierson, immigration agent for the Santa Fe, is at the Palace accompanied by Dr. A. V. Small and wife, of Sedalia, Mo., and Mr. F. W. Robinson, of Philadelphia. The party are making a trip through New Mexico and enjoying its climatic beauties. Dr. Small will spend a month in the territory and after familiarizing himself with the climatic advantages of the various points and promises to send to us many health seekers in the future.

PERSONAL.

Col. Edward Harlan spent yesterday in the city.

Capt. T. W. Collier, of the Raton Range, left for home this morning.

E. H. Harlow and Mrs. C. R. Frizell, of Wallace, and Miss Sue Harlow, of Albuquerque, spent yesterday in the city.

2d Lieut. E. M. Johnson, of Capt. Duggan's company, returned to Fort Marcy yesterday after long detached duty at Leavenworth.

Mrs. Harriet McClintock and grandson, Chas. R. Kimball, arrived from Topeka to-day, coming to be cured of asthma by spending the winter here. They stop at the Alamo.

Mr. H. M. Fulwider, who represents the great Coal's thread manufactory at Pawtucket, R. I., is in the city doing business. He was a pleasant caller at the New Mexican office to-day.

At the Exchange: Peter Rooney, Henderson, Ky.; H. E. Fraley, Rowe; James W. Coy, Denver; D. O. Lockwood, Trinidad; James Brown, Geo. Mallen, Philadelphia; Mrs. C. R. Frizell, E. H. Harlow, Wallace; Miss Sue Harlow, Albuquerque; Chas. Lush, New York; Tom A. Marshall, wife and child, Keithsburg, Iowa; J. S. DeLong, Gallup; Edward Haren, New Mexico; W. S. Turner, Cincinnati.

Notice.

All parties indebted to the late James A. Spradling are hereby requested to pay such indebtedness, without delay to the undersigned administratrix of the estate of said James A. Spradling, and all persons having any property, papers, books, document etc., belonging to and James A. Spradling are hereby notified to deliver them forthwith to the undersigned, or her attorney, Geo. W. Knobel, of Santa Fe, N. M., or they will be proceeded against according to law.

Mrs. L. L. Spradling, Admrx.

Dated Santa Fe, N. M., Oct. 28, 1889.

Shiloh's Cough

And Consumption Cure is sold by us on a guarantee. It cures consumption. C. M. Creamer.

Try the New Mexican's new outfit of material and machinery when you want fine job printing or blank book work.

LOCAL MUSICIANS TO MEET.

A Call for the Study of Higher Music and a Prospect for the Winter.

Some two weeks ago a number of ladies and gentlemen met to discuss the idea of organizing a musical class for the purpose of studying a higher order of music than ordinary church music. There were present about twenty-five music-lovers, and sufficient interest was manifested to warrant the forming of an organization. Accordingly officers were elected, and a committee appointed to obtain a place for holding meetings, secure a piano, books, etc. It has since been decided to bring out before the public soon Root's "Haymakers." Fortunately, so far as concerns a leader, there is in our midst one who has had many years experience as leader of musical societies, viz.: Mr. F. C. Crichton, late of Philadelphia. The fact that Mr. Crichton was elected musical director of the "Choral Union" in Philadelphia assures the success of this undertaking, provided the musical talent of Santa Fe will take a hearty interest in the matter and lend a helping hand. Root has been secured as the place of meeting. The books have arrived; a piano will at once be placed in the hall and the first rehearsal will take place to-morrow, Tuesday evening, at 8 o'clock. All musicians are asked to be present.

ARMY ORDERS.

Capt. C. E. Nordstrom, 10th cavalry, has been granted a month's leave.

Col. Douglas and Lieut. Seyburn have gone to Fort Stanton and Union on a tour of inspection.

Promotions: Hayden DeLany, from 1st Lieut. company A, to Capt. company E, to date September 28, 1889. Robert H. Anderson, from 2d Lieut. company C, to 1st Lieut. company A, to date September 28, 1889. Dapt. DeLany will proceed to San Diego barracks, Cal., and Lieut. Anderson to Fort Mojave, A. T., reporting to the respective commanding officers.

Detail for a court martial convened at Fort Lowell on the 21st inst.: Col. Charles E. Compton, 4th cavalry; Major Joseph H. Girard, surgeon; Capt. Stanton A. Mason, 4th cavalry; 1st Lieut. Cunliffe H. Murray, 4th cavalry; 1st Lieut. George H. Gale, 4th cavalry; 2d Lieut. Thomas H. Slaven, 4th cavalry; 1st Lieut. James B. Erwin, adjutant, 4th cavalry, judge advocate.

Fort Hayes, Kas., will be abandoned in the first of thirty days.

Major J. P. Sanger, inspector general of the department of the Missouri, is ordered to make the annual inspection of the Kansas Agricultural college, at Manhattan, Kas.; thence he will proceed to and inspect Fort Riley, Kas.; the camps at Guthrie and Oklahoma City, I. T.; Fort Reno, I. T.; Camp Wade near Lisbon, I. T.; Forts Sill and Gibson, I. T.; Little Rock barracks, Ark., and Fort Sheridan, Ill.

Geo. R. Garnett, sergeant major, 6th cavalry, was in the city yesterday en route to Fort Apache. He has been in Washington on leave since May last.

The following changes in the paymaster's department are announced: Major Culver C. Sullivan, from division of the Atlantic to the paymaster general's office; Major John P. Willard, from the paymaster general's office to be chief paymaster of the department of Arizona; Major George E. Glenn, from the department of Arizona to the division of the Atlantic.

Commissary Sergeant Thomas Keeshan will relieve Commissary Sergeant James Lehane at Fort Clarke, Texas. Lehane will report at Fort Union, N. M.

Private David Lemons, company A, 24th infantry, will be discharged by the commanding officer at Fort Bayard, N. M.
